MAYOR'S ANNUAL MESSAGE

To the Honorable City Council of Lansing, Michigan.

Gentlemen:

Tonight eight of you and the Mayor assume office for a two year period. For two of you it is the beginning of your municipal service. For the rest of us it is the commencement of another term as City officials. I am beginning my first full term as Mayor of this city. At the same time I start upon my 12th year as a public servant.

Edgar A. Guest in the January 5, 1943, issue of the Detroit Free Press in a poem entitled "Home Duty," a part of which I quote, sets forth the following ideal:

"Our's is the task to keep the faith and never once lose heart, *****And do the needed work at home from every risk secure.

"*****Our's is the task by word and deed and with the night by prayer To strengthen and support them all who have the blows to bear. If they stand up to flame and fire and hunger, thirst and pain Then we who have the lesser tasks should never once complain."

Courage and bravery have always been necessary attributes of a good public servant. In times of stress, of depressions and of wars, it is doubly important that they who serve the public shall possess ideals, intelligence, faith and the determination to do that which they know to be right. Mr. Guest, in the poem to which I have just referred, points out the fact that our obligations and duties here at home are just as imperative as are the obligations and duties of the men at the front.

A great many people point out the several units of government as examples of inefficiency, obsolescence and wastefulness. I am convinced that this attitude is not truly representative of the facts. However, in a great many instances municipal corporations have neglected to keep abreast of the times. It is my hope that this city shall become a leader in the movement which will put government in the vanguard of human progress. There is no fundamental reason why private industry and business should not learn efficiency and progressiveness from municipal governments.

- I recommend to you that the following propositions be considered in the near future:
- 1. That a study be made concerning tax exemptions. This problem may develop in the immediate future to one of overwhelming proportions.
- 2. That we give further study to the duties and number of Council Committees.
- 3. That long term planning be developed immediately relating to our building, modernization and replacement programs.
- 4. That thorough studies be made of all the pension and retirement systems of the city and all its departments.
- That all appointive officials, boards and commissions be appointed to definite terms and be presented to the Council by the Mayor as provided by the Charter and Ordinances.

- 6. That the Traffic Commission be reorganized in order that the chairman of the Police and Fire Committee or its equivalent; a police officer, and 5 citizen representatives shall constitute this Commission. The citizen representatives of this Commission should be appointed upon a staggered basis for a period of years and should not succeed themselves.
- 7. That the several boards and commissions carefully survey economies and improvements which have resulted from the impact of the war effort upon them with a view to making such improvements permanent. Additional economies can be effected through modernization of our existing facilities.
- 8. That a study be made forthwith to determine the advisability of and the procedures necessary to the establishment of a Department of Finance. Such a Department, if established, would embrace, generally speaking, the present Departments of Comptroller, Treasurer, Assessor and Purchasing. The recent merger of the Departments of Engineering, Public Works and Service into the Department of Public Service, together with the experimental period prior to its creation by vote of the people, resulting in savings of approximately \$10,000.00, and increasing the efficiency of the public service rendered, sets the example for us and gives rise to this recommendation.
- 9. That consideration be given to the overall duties and responsibilities of the Department of Public Relations and related departments.
- 10. That a careful survey be made of our insurance and bonding program.

No one realizes more keenly than I how much resistance to change exists in any community. Nevertheless, the people have laid upon our shoulders the responsibility of leadership. We are representatives in this small unit of a representative democracy. Our constituents, our friends, our relatives in whose veins flows the blood of kinship, with courage and sacrifice have gone forth to defend the principles of government and humanity which we here this night represent. We can not, we must not, demonstrate any less courage and bravery in carrying out whatever plans and procedures are best calculated to preserve and improve the government and ideals which they are defending. Let us here determine under the guidance of God that as far as within us lies we shall make certain that the victories of our armed forces shall not be weakened by the failures of their government at home.

Respectfully submitted,

SAM STREET HUGHES,

Mayor.

January 11, 1943.

Referred to Committee on City Affairs.

Lansing, Michigan, January 15, 1943.

Hon. Mayor and City Council, Lansing, Michigan.

Gentlemen:

In compliance with the Council Resolution dated December 14, 1942, asking the Traffic Commission to make a survey of all traffic lights in the city to ascertain if there are any that can be eliminated without affecting the safety of traffic, and to report to the Council on January 18, 1943, your Commission has made a careful and exhaustive study of the traffic signal system of the City has consulted a number of motorists and has conferred with a representative of the Board of Water and Electric Light Commission. The Traffic Commission, therefore, makes the following recommendations:

1. Eliminate the stop signs on Linval at the intersection of Isbell.

- 2. Eliminate the stop signs on Coleman at the intersection of Smith.
- 3. Eliminate the stop signs on Pacific at the intersection of Lyons.
- 4. Reduce the cycle length of the traffic light at the intersection of Capitol Avenue and Saginaw Street from 50 seconds to 40 seconds.
- 5. Reduce the cycle length of the traffic light at the intersection of Cedar and Baker Streets from 60 seconds to 45 seconds.
- 6. Reduce the cycle length of the traffic light at the intersection of Cedar Street and Mt. Hope Avenue, from 55 seconds to 45 seconds.
- 7. Reduce the cycle length of the traffic light at the intersection of Cedar and Shiawassee Streets from 60 seconds to 40 seconds.
- 8. Reduce the cycle length of the traffic light at Kalamazoo Street and Pennsylvania Avenue from 50 seconds to 45 seconds.
- 9. Reduce the cycle length of the traffic light at the intersection of Kalamazoo and Pine Streets from 50 seconds to 40 seconds.
- 10. Discontinue the use of the traffic light at the intersection of Logan and St. Joseph Streets.
- 11. Reduce the cycle length of the traffic light at the intersection of Saginaw and Larch Streets from 55 seconds to 40 seconds.
- 12. Reduce the cycle length of the traffic light at the intersection of Saginaw Street and Pennsylvania Avenue, from 55 seconds to 40 seconds.
- 13. Reduce the cycle length of the traffic light at the intersection of Saginaw and Pine Streets from 55 seconds to 40 seconds.
 - 14. Reduce the cycle length of the traffic light at the intersection of Shiawassee and Larch Streets from 60 seconds to 40 seconds.

Apparently there is considerable misunderstanding of the purpose for which traffic lights are installed. A traffic light is a signal intended to facilitate the ready movement of traffic and at the same time protect the motorists and the pedestrians. This being the case, no traffic light that has been operating satisfactorily as a safety factor should be eliminated simply to save gasoline and tires.

The time has been so short since the gasoline rationing went into effect that it is impossible, at this time, to know how much reduction there has been in the amount of traffic passing over the various streets at the different hours in the day, and the Commssion feels that the elimination, at this time, of any other lights than the

collaborative digitization project of the City of Lansing and Forest Parke Library and Archives - Capital Area District Libraries

one recommended would mean a risk to the lives of the citizens who use the streets that should not be incurred.

If the cycle length of the traffic lights is reduced, as recommended, the motorist can avoid unnecessary stopping at the red lights by watching the operation of the lights ahead and adjusting his speed accordingly.

Attention is called to the fact that where the traffic lights are synchronized as in the downtown area and as on Logan Street, from Saginaw to Olds Avenue, the motorist by adjusting the speed of his car to the synchronization of the lights, can pass through the entire system without stopping.

We find that the flashing of traffic lights from midnight until morning is not practical at this time, because if a proper adjustment is made to permit the flashing of the lights it will interfere with the turning off of the lights for a "black-out." However, the reduction of the length of the cycle of a great many of the traffic lights, as recommended, will reduce the amount of time lost by those who have to stop because of a red light.

Attention is also called to the fact that the present lights if mechanically adjusted to flash at certain periods of time, the flash would be a red light on one street which means stop, and amber on the other street which means caution. The traffic on the one street would, therefore, have to stop, while as the lights are now adjusted, the traffic on both streets has a better than fifty-fifty opportunity to proceed without stopping.

The traffic commission will, at all times keep the traffic situation under observation and be glad to recommend further adjustments from time to time as may seem wise.

Yours very truly,

H. H. HARDY Chairman, R. W. CREGO, CHARLES E. ECKERT, Lansing Traffic Commission.

By Ald. Niles— That the recommendations be approved.

Adopted by the following vote:

To the Honorable Mayor and City Council of Lansing, Michigan.

Gentlemen:

On December 21, 1942, a resolution was passed authorizing the purchase of property described as follows: "Commencing in the center of S. Washington Avenue 1383.5 feet, S.W'ly of the intersection of S. Washington Avenue and Mt. Hope Avenue, thence S.W'ly along the center of S. Washington Avenue to the E. and W. ¼ line of Sec. 28 W. to the S.E'ly right of way of the N. Y. C. R. R., N.E'ly along said right of way to a point due W. of beginning E. to beginning excepting lands used for street purposes on Sec. 28 and 29, except the north 11½ acres thereof,"

upon the approval by myself of the title and proposed deeds.

I have examined the Abstract of Title to said premises and from such examination I find that on December 26, 1942, Reo Motors, Inc., a Michigan Corporation, held a good merchantable title to said property.

I attach hereto deed between Reo Motors, Inc. and the City of Lansing which should be recorded with the Register of Deeds at Mason, Michigan.

Yours very truly,

CLAY CAMPBELL, City Attorney.

To the Honorable Mayor and City Council of Lansing, Michigan.

Gentlemen:

On September 14, 1942 a resolution was passed requesting Reo Motors, Inc., and the Grand Trunk Railway Company to grant the City of Lansing the right and privilege of using a strip of land 8½ feet wide for the purpose of widening South Washington Avenue.

I hand you herewith properly executed instruments from Reo Motors Inc., and the Grand Trunk Railway granting this privilege. These documents should be recorded with the Register of Deeds at Mason, Michigan.

Yours very truly,

CLAY CAMPBELL, City Attorney.

By Ald. Stoppel-

That the quit claim deed and easement be accepted and the City Clerk is hereby directed to have them recorded with the Register of Deeds at Mason.

January 18, 1943.

To the Honorable Mayor and City Council of Lansing, Michigan.

Gentlemen:

On December 21, 1942, a resolution was passed authorizing the purchase of property described as follows:

"Commencing 80 feet east and 7 rods north of the southwest corner of Lot 5, North 6 rods, East 105 feet, north to Grand River, east to a point 36 feet west of the east line of Lot 1, South to a point 1 rod south of south line of Lots 1, 2 and 3, Block 198,"

upon the approval by myself of the title and proposed deeds.

I have examined the Abstract of Title to said premises and from such examination I find that on December 29, 1942, Reniger Investment Company, a Michigan Corporation, held a good merchantable title to said property subject only to the December, 1942, taxes which, I understand, the Board of Cemetery and Park Commissioners agreed would not have to be paid by Reniger Investment Company.

I attach hereto deed between Reniger Investment Company and the City of Lansing which should be recorded with the Register of Deeds at Mason, Michigan. The description set forth in the attached deed is slightly different than that set forth in the resolution; however, it is the correct legal description to the same piece of property.

Yours very truly,

CLAY CAMPBELL, City Attorney.

By Ald. Stoppel-

That the deed be accepted and the City Clerk instructed to have the same recorded with the Register of Deeds at Mason.

Carried.

January 18, 1943.

To the Honorable Mayor and City Council of Lansing, Michigan.

Gentlemen:

On December 7, 1942, a resolution was passed authorizing the execution and delivery of a deed in satisfaction of land contract entered into November 15, 1930, between the City of Lansing and Paul Celentino, and later assigned to Charles Spagnuolo, covering property on the northeast corner of Saginaw Street and Pennsylvania Avenue upon the payment of the balance of \$500.00 to the City Comptroller.

Payment was made and a proper deed given.

In examining the two abstracts I discovered that the City failed to have title to a strip of land 5.67 feet wide in the center of the description. I was successful in securing a quit-claim deed from the original grantor, Thomas F. Foster and wife to the City of Lansing. I attach hereto said deed which should be recorded with the Register of Deeds at Mason, Michigan.

I also attach two statements from the Ingham Abstract and Title Company covering the posting of these two abstracts totaling \$10.50.

Yours very truly,

CLAY CAMPBELL, City Attorney.

By Ald. Stoppel-

That the deed from Thomas F. Foster be accepted and the City Clerk is hereby instructed to cause the same to be recorded in the office of the Register of Deeds at Mason.

Carried.

Honorable Mayor and Members of the City Council

City Hall,

Lansing, Michigan.

Gentlemen:

At the meeting of the City Plan Commission, held on January 22, 1948, the Commission discussed the petition for the rezoning of the property situated at 832 E. Shiawassee Street from "C" Residence to "D" Residence District—proposed three family dwelling to be constructed.

The Commission, after discussing the matter with Mr. Charles Fox, Building Inspector and Mr. Mitt, Caldwell, Assistant Building Inspector, voted to recommend that all property fronting on E. Shiawassee Street immediately west of Pennsylvania Avenue which at present is zoned as "C" Two Family District, be rezoned to "D" Apartment District. The Commission felt that the present condition of the area and the trend of change in the area would warrant that this entire area be changed to "D" Apartment District rather than spot zoning one parcel of property.

The Commission therefore recommends that the following described property be rezoned to "D" Apartment District:

Lots 1, 2, 3, and 4 of Assessor's Plat number 5.

Lots 1, 2, and 7 of Haag's Addition. The west 37.25 feet of Lot 3 and Lots 5, 6, 7, 8, 9, and 10 of Assessor's Plat number 4, and

Lots 27, 28, 29, 30, 31, 32, 33, 36, 37, 40, 43, 44, 52, 53, and 54, Block 2, Assessor's Plat number 7.

Also that the parking meters at the new location be moved to the present location.

Second: That the space along the curb on the South side of Michigan Avenue from the East side of Washington Avenue to the Alley at the rear of the American State Savings Bank Building be used for the loading and unloading of the College-Fisher Busses instead of the present location on the South side of Michigan Avenue, West of Washington Avenue.

That the parking meters now at the proposed new location be removed and also that parking be permitted hereafter on the South side of Michigan Avenue West from the Alley at the rear of the Prudden Building to the present parking space.

Communication from Mrs. Geo. F. Weed re.: changing from War Time to Eastern Standard Time.

Referred to Committee on Legislation.

February 1, 1943.

To the Honorable City Council of Lansing, Michigan,

Gentlemen:

A great public interest has been developed concerning the recent legislative action turning Michigan clocks back one hour February 15. I recommend that you consider holding a public hearing on February 8, 1943, or on some other date satisfactory to you, in order to give the public an opportunity to express itself concerning this matter.

House Bill Number 1 which provides for turning Michigan clocks back one hour February 15, 1943, also gives a city which is confronted by a war emergency the power to maintain Eastern War Time. If such a war emergency does not exist then we automatically come under the slower time. It is not my purpose to recommend to you that there exists a war emergency and that we remain on fast time, but rather that we be guided by the wishes of our people.

I point out to you that on February 16, 1942, this Council adopted a resolution placing this city upon Eastern War Time. If we are now to operate upon a time which is one hour slower a resolution should be adopted in order to prevent any confusion concerning Section 12 of the City Charter. This Section sets forth the deadline for filing nominating petitions in the following language: "Such nominating petitions shall be received by the City Clerk up to the hour of 4:00 o'clock P. M., recognized city time on the 20th day before such primary election."

Respectfully submitted, SAM STREET HUGHES, Mayor. By Ald. Stoppel-

Resolved by the City Council of the City of Lansing:

That the City Clerk cause a ballot to be published in the State Journal on Wednesday, February 3, 1943, giving citizens an opportunity to express themselves on the question of using either Central War Time or Eastern War Time.

Carried.

February 1; 1943.

Honorable Mayor and City Council, Lansing, Michigan,

Gentlemen:

In line with the Traffic Commission's letter to the Council on January 15, where in it was stated that the Traffic Commission would recommend further adjustment in the traffic signal control system as may seem wise, we wish to present the following suggestion to the Council for your consideration:

At several intersections in the City we have installed in conjunction with the traffic signal, flashing red arrow signals which permit traffic facing a red light to make a right turn after stopping at the nearest crosswalk line. The installation of such flashing red arrows cost approximately \$100.00 providing the necessary material can be purchased.

We believe that there are several other intersections in the city where the movement of traffic could be facilitated if right turns were permitted on the red light. The expense in making all such installations would be rather high and it is our thought that, this could be overcome by the more simple and less expensive method of placing a sign at such intersections, where in the opinion of the Traffic Commission right turns should be permitted. This sign would advise the motorist that he could make a right turn on the red light after a full safety stop had been made.

The cities of Detroit and Kalamazoo have used this method and as far as we are able to ascertain it has proven successful. We, therefore, recommend that Section 11 of the Traffic Ordinance be amended to permit the erection of signs at signalized intersections showing that right turns could be made on the red light after a full safety stop.

Respectfully submitted,

Lansing Traffic Commission,

SIDNEY ANGER, Secretary.

Referred to Committee on Ordinances.

Honorable Mayor and City Council, Lansing, Michigan,

Gentlemen:

On December 21, 1942, the Council approved the request of the Traffic Director that the one-hour parking restrictions be lifted on Washington Avenue, Greencroft Road and Strathmore Road, all in the vicinity of the Mt. Hope plant of the Nash-Kelvinator Corporation during the period of December 12 to December 28, 1942, pending completion of their new parking lot.

Inclement weather since the first of the year has made it impossible to carry on any work on this lot and in view of the increased number of employees at this plant, the parking situation is now worse than ever. At a joint meeting which I held last week with corporation and union officials it was recommended that the City Council remove, until further notice, retroactive to December 28, 1942, all day and night parking restrictions in the vicinity of the Mt. Hope plant. It was understood and agreed upon that this would not apply to those streets where of necessity parking Inclement weather since the first of the to those streets where of necessity parking must be prohibited on one side in order to permit movement of vehicles in safety.

I am therefore submitting this recom-mendation to your body for such considera-tion as you may deem fit to give.

Respectfully submitted

SIDNEY ANGER, Traffic Director.

By Ald. Niles-

That the recommendation be approved.

Carried.

Traffic Commission Report

The Traffic Commission has investigated the request of the Lansing Machining Company to rescind the night parking restrictions in the 300 block of South Hosmer Street and recommends as follows:

It appears that at the present time this factory has no parking lot to accommodate its employees and it is necessary, therefore, that they park their cars on the street. Since there is no daytime parking restriction, they are not bothered, but the night shift is affected by the ordinance which prohibits parking on any street between the hours of 2 and 5 A. M.

I found upon investigation that there are two vacant lots immediately north of this factory which could be leased for parking lot purposes. It is my recommendation that this company make the necessary arrangements to lease this vacant property for a parking lot which will thereby make it unnecessary to rescind any parking restrictions.

Respectfully submitted,

SIDNEY ANGER, Traffic Director. By Ald. Graham-

That the Council concur in the report of the Traffic Director.

Carried

February 15, 1943.

Traffic Commission Report

The Traffic Commision has investigated the resolution of Alderman Eddy requesting that parking be prohibited on the south side of Moores River Drive between Coleman Avenue and Washington Avenue.

We find that there is considerable traffic at this point and with cars parked on both sides of the street it is impossible for two cars to pass in safety. We recommend, therefore, that for the present, parking be prohibited on the south side of Moores River Drive between Coleman Avenue and Washington Avenue.

Respectfully submitted,

SIDNEY ANGER, Traffic Director.

Referred to Committee on Ordinances.

February 15, 1943.

Traffic Commission Report

The Traffic Commission has investigated the request of Edgar B. Grace for a courtesy card and in line with our policy in matters of this nature we recommend that the request be denied.

Respectfully submitted,

SIDNEY ANGER, Traffic Director.

By Ald. W. R. C. Smith-

That the Council concur in the recommendation.

Carried.

TRAFFIC COMMISSION REPORT

March 8, 1943.

On February 15, Alderman Snyder introuced a resolution asking that parking be ROHIBITED on the south side of East lain Street from the overhead NYCRR ridge east to Hosmer Street. After makig a study of this request and also disissing this proposed restriction with busiess concerns located on both sides of the reet in this block, it is my recommendation that parking be prohibited on the south side of the street for a distance of 150 feet from the east side of the bridge.

Respectfully submitted,

SIDNEY ANGER, Traffic Director.

By Ald. W. Smith-

That the recommendation of the Traffic Director be approved.

Carried.

March 8, 1943.

On February 23, Alderman C. A. Smith introduced a resolution asking that parking on the east side of Center Street in the 1500 block be restricted to ONE HOUR. I have checked this location on three different days and at no time have I observed more than two cars parked in this block. Since there are only three houses on the east side of the street and none on the west side it is my recommendation that no action be taken on this resolution at the present time.

Respectfully submitted,

SIDNEY ANGER, Traffic Director.

Received and placed on file.

March 8, 1943.

On March 1, Alderman Dell introduced a resolution asking that parking be restricted to ONE HOUR on East Shiawassee Street from Larch Street east to the railroad tracks. I find upon investigation that most of the cars parked in this area belong to employees o fthe Abrams Aerial Survey Company whose parking lot is not big enough for all of their employees' cars. Since there is only one business concern in this block, I would recommend that for the present time we establish a fifteen minute parking zone of sufficient length to accommodate three cars in front of the property described as 617 East Shiawassee Street.

Respectfully submitted,

SIDNEY ANGER, Traffic Director.

By Ald. Russell-

That the Council approve the recommendation of the Traffic Director.

Carried.

I am asking that the Council advise me as to whether or not any changes should be made in the parking regulations in this vicinity before the parking lot mentioned is completed.

Respectfully submitted,

SIDNEY ANGER. Traffic Director.

By Ald. Hungerford-

That parking be restricted to "one hour" on one side on the following streets: Creston Place, Rockford, Kensington, Strathmore, Greencroft, Wakefield and Wayburn Roads, and "no parking" be permitted on the other side of the streets, location of signs to be determined by the Traffic Director. entlemen:

As per the request of the City Council

made at their regular session of March 22, the Board of Health investigated conditions at the School for the Blind, and submits the following report:

The investigation was made jointly by G. J. Turney and Xelle Miles of the sanitary division of the Department.

Following a conference with Joseph C. Cauffman, Superintendent of the School, together with the yard superintendent, it was agreed that: (a) hereafter, all dead chickens will be deeply buried, or burned; (b) manure will be spread on the ground and turned under.

There are no goats on the premises. It was learned that the chickens raised by the students are raised as a project under the Smith-Hughes Act for the purpose of teaching them a trade whereby they may become self-supporting. The project is not to provide them with spending money.

In our belief, conditions will henceforth be satisfactory.

Very truly yours,

FLOYD R. TOWN, M. D., Director.

Referred to Committee on Ordinances.

April 2, 1943.

Honorable Mayor and Members of the City Council,

City Hall.

Lansing, Michigan.

Gentlemen:

At the meeting of the City Plan Commission, held April 1, 1943, the Commission again discussed the petition for the rezoning of Lots 1, 4 and 5 of Sparrows Subdivision of Lot 1, Block 14, of Townsend's Subdivision from "A" and "B" Residence District to "E" Apartment-Shop District (known as 900 S. Logan Street and 1113, and 1117, 1119 William Street).

The Commission previously denied this request because if the property were rezoned in accordance with the petition, it would have been another case of spot zoning. The Commission feels that if the petition is to be granted, that Lots 2 and 3 of this Subdivision should also be included in the "E" Apartment-Shop District. If this were done, the entire block on the west side of S. Logan, between Olds

Avenue and William Street, would be in the "E" Apartment-Shop District.

The Commission therefore recommends that this property be rezoned under the following conditions: that all of the owners of property fronting on William Street, between Birch and S. Logan, consents to this petition, and furthermore that the owners of Lots 2 and 3 request their property to be rezoned to "E" Apartment-Shop District.

Yours very truly,

EVANS E. BOUCHER, Secretary.

Referred to Committee on Planning.

REPORT OF COMMITTEE

The Committee on BONDS AND CONTRACTS approve the following applications for Public Drivers' Licenses:

Joseph Smejkal, Howard E. Birdsley.

Also Electric Sign Hanger's Bond of Van Houten Neon Sign Company.

Signed:

H. W. HUNGERFORD, M. S. GRAHAM, Committee on Bonds and Contracts.

By Ald. Hungerford-

That the report of the Committee be adopted.

REPORTS OF CITY OFFICERS

City Comptroller submits Balance Sheet showing City's financial condition at the close of business March 31, 1943.

Received and placed on file.

City Comptroller submits report showing condition of Department Funds in detail covering period from May 1, 1942 to March 31, 1943.

Received and placed on file.

April 2, 1943.

Honorable Mayor and City Council,

Lansing, Michigan.

Gentlemen:

It has been my observance that during certain periods of the day, considerable

congestion of traffic occurs on East Hazel Street, especially between Raider Street and Hosmer Street. Two trucking companies have their terminals on Hazel Street and in addition there are two manufacturing concerns as well as the warehouse of the Consumers Power Company located on this street. With cars parked on the north side of the street at the above mentioned location, the width of the street is narrowed to such an extent as to interfere with the safe movement of traffic.

Since there are sufficient off-street parking facilities to take care of all cars now parked on the street, I am recommending to the Ordinance Committee that parking be prohibited on the north side of Hazel Street from Raider to Hosmer Street.

Respectfully submitted.

SIDNEY ANGER, Director-Secretary.

Referred to Committee on Ordinances.

Traffic Commission Report

The Traffic Commission has investigated the petition signed by 21 residents of East Mount Hope Avenue asking that a one hour time limit be placed on the north side of Mount Hope Avenue between Teel Avenue and Cedar Street.

A recent traffic count on this portion of Mount Hope Avenue showed an average daily traffic of 9500 vehicles. This excessive traffic together with the narrowness of the street indicates that it would be more advisable to prohibit parking on both sides of this street, thereby allowing traffic to move more freely. There are also many hundred children who find it necessary to cross Mount Hope Avenue to get to the Walter French School and if both sides of the street were clear of cars it would be a safer condition for the children crossing the street. I am therefore recommending that all parking be prohiibted on the north side of Mount Hope Avenue between Washington Avenue and Cedar Street.

Respectfully submitted,

SIDNEY ANGER, Traffic Director.

By Ald. Stoppel-

That the recommendation of the Traffic Director be adopted.

Carried.

April 12, 1943.

To the Honorable Mayor and Members of the City Council,

Gentlemen:

I also attach a letter from Mr. Lawrence E. Heller, City Assessor, explaining how he handled the matter.

Yours very truly,

CLAY CAMPBELL, City Attorney.

Referred to Committee on Ways and Means.

April 7, 1943.

Mr. Clay Campbell, City Attorney, City Hall, Lansing, Mich.

Dear Sir:

I am returning two resolutions which were referred by the council to the City Attorney and City Assessor, inasmuch as your name appears first I assume that the responsibility of reporting the disposition of these resolutions back to the council is yours. In disposing of these resolutions I have followed Bill No. 127 which was passed by the last Legislature to the effect that this matter is to be handled by the County Treasurer and charged to the county and school budgets.

Very truly yours,

LAWRENCE E. HELLER, City Assessor.

Referred to Committee on Ways and Means.

April 12, 1943.

Honorable Mayor and City Council, City of Lansing, Michigan.

Gentlemen:

I respectfully tender my resignation, effective at your convenience to act upon same.

As you know, I have had the honor conveyed upon me, April 5th, of being elected State Highway Commissioner of the State of Michigan.

It is with a great deal of regret that I leave the job of City Assessor of the City of Lansing. The people of Lansing have been very kind to me and all city officials have always given me full co-operation

and consideration. I know that we will still be able to work in close harmony in handling all problems which may come up in the future between the City of Lansing and the State Highway Department.

Again thanking you for the very pleasant relationship, I am

Sincerely yours,

Gentlemen:

On April 19, 1943, the Council agreed to temporarily permit the employees of the Nash-Kelvinator Corporation to park their cars in the streets in the vicinity of our Mt. Hope Avenue Plant until May 10, at which time the situation would be reviewed.

Nash-Kelvinator Corporation agrees with the Council and the residents of the territory adjacent to our Plant that street parking is not desirable, and have attempted to complete a parking lot which has sufficient capacity to care for our employees.

However, during the interim since the nineteenth of April, the Weather Bureau records at East Lansing report that we have had an abnormal rainfall of over three inches up to May 8.

In view of this condition, the contractor has been unable to complete his work.

Therefore, this Corporation respectfully requests that a further extension be allowed until such time as this work can be completed.

To City Council, Lansing, Michigan.

Gentlemen:

An investigation of the complaints made to Mayor Hughes May 8, by Clifford Treat of 1426 Illinois Avenue, has been made by inspectors from this department. Ashes and rubbish were found as indicated in Mr. Treat's letter, but there were no dead animals of any kind, nor was any garbage found in rubbish pile.

The owner of the Oak Street property, against whom the complaint was especially directed, has agreed to have the winter's accumulation of ashes hauled away as early as possible.

This Department would respectfully call attention to the fact that though ashes are unsightly, they are not injurious to health. It is the feeling of the Department that Lansing could be a more attractive city were some provision made for disposing of accumulated rubbish and ashes.

Very truly yours,

FLOYD R. TOWN, M.D., Director.

REPORT OF PUBLIC RELATIONS COMMITTEE

The City Council has indicated that a change in the organization of the Lansing Children's Home is desirable. No set plan has, as yet, been agreed upon.

In the interest of the children of the City of Lansing, it would seem advisable to approach this problem with thoughtful consideration. During a period of war, the status of family life is disrupted in many ways and the children are the ones most affected. Careful planning is most important when a proposed change which may affect the moral, mental and physical stability of children is contemplated.

- It has been apparent for some time that an organizational change at the Children's Home should be made. However, in order to determine what change would be most effective, several steps should be taken:
- A Study and Fact-Finding Commission should be established immediately to make a thorough and complete study of all records and cases of the Lansing Children's Home.
- (2) The personnel of such a study commission should be chosen carefully to include persons representing the city government, the general public and persons with a professional knowledge of the field of child welfare.
- (3) All future applications for admittance to Lansing Children's Home should be referred to the Social Service Bureau or the Michigan Children's Aid Society for investigation and disposition.

This recommendation is made in order that a fixed case-load may be arrived at for study purposes.

- (4) This study commission should be charged with the responsibility of gathering all factual information possible regarding the present set-up of Lansing Children's Home and making specific recommendations to the City Council regarding the future organization and program of the Lansing Children's Home.
- (5) The study should be completed on or before September 15, 1943, in order that the City Council may receive the report and act upon same prior to October 30.

The following action of the Board of Cemetery and Park Commissioners was referred to the City Council at a meeting of the Board held on June 9, 1943:

The Finance Committee of the Park and Cemetery Board report as follows:

The Detroit Trust Company under an agency agreement is gradually liquidating the residue of the J. Henry Moores estate in which the City has an undivided half interest, the balance being owned by two heirs of J. H. Moores.

Included in the estate are University of Detroit Bonds in the principal sum of \$5,000.00 and drawing interest at the rate of 3%, which are selling close to their ten year high.

The Trust Company has recommended the sale of the bonds and such sale has been authorized by the other heirs of the estate.

After due consideration by the Finance Committee of the Park and Cemetery Board, we recommend—

"That the City of Lansing concur with the other residual heirs of the J. Henry Moores Estate in authorizing the sale of \$5,000.00 University of Detroit First Mortgage Bonds, in which the City has a half interest, by the Detroit Trust Company, under their agency agreement with the City, provided that such sale shall be made at the best bid price but at a price not less than 88 on the dollar face value of the bonds, net to the City of Lansing."

REPORTS OF CITY OFFICERS

To City Council:

There is a vacancy on the Juvenile Guidance Committee as Rabbi Morton M. Applebaum is planning to leave Lansing.

For your approval, I hereby submit the name of Mr. Samuel Edelson for appointment on this Committee.

RALPH W. CREGO, Acting Mayor.

By Ald. Hungerford--That the appointment be approved.

Carried.

June 15, 1943.

Lansing City Council, City Hall, Lansing, Michigan.

Gentlemen:

I have been contacted several times by the officer in charge of the United States Army Intelligence office, which is located in the Olds Tower Building, with reference to the possibility of the City of Lansing designating a reserved parking space for the two automobiles working out of this office.

They have suggested that we allocate to them the parking space located at the southwest corner of Capitol Avenue and Allegan Street on Capitol Avenue.

I have informed them that the Council was rather reluctant to allocate any reserved parking spaces on the City streets but they feel that they should be given some consideration since their cars are used primarily for military purposes and the men who drive them feel they cannot pay the parking violation tickets of which twelve or fifteen have been issued. They also asked if a special parking space could not be given them that they be allowed to use a sign in the windshield of their cars which when observed by the traffic officer, would be his authority for not issuing a parking ticket.

Yours very truly,

SIDNEY ANGER, Director-Secretary.

Received and piaced on file.

To Honorable Mayor and City Council:

Last Monday you requested Mr. Lord and myself to attend the meeting in Detroit, called by the Missigan Municipal League, for the purpose of formulating a plan to urge the United States Government, through proper legislation, to make arrangements for compensating local governments for both real and personal property owned by the Government and for this reason taken off the tax rolls.

This meeting was attended by representatives from ten different municipalities and the Municipal League is now gathering information from all Michigan cities for presentation to the Congressional Committee that is considering this matter.

Later, this Council will be requested to pass an appropriate resolution concerning this matter.

CLAY CAMPBELL, DAVID E. LORD.

Referred to Committee on Legislation.

June 21, 1943.

To the Members of the City Council, Lansing, Michigan.

Gentlemen:

On Saturday, June 19, a joint inspection by representatives of the Health and Fire Departments was made of the owned by the City and located at 1511 Sunset Avenue.

Conditions were found to be as follows:

- 1—The building itself is in habitable condition, though certain repairs should be made.
- 2-The wiring is in fair condition.
- 3—The chimney pipe, which now constitutes a fire hazard, should be replaced.
- 4—There are no sewer or water connections in the house, though both are available on that street.
- 5—The outside toilet does not conform to State regulations. It should be torn down, and the vault filled.
- 6-Conditions inside the house, owing to slovenly housekeeping, are filthy.

We would recommend that the present tenants be ordered out and the building itself be put in proper living condition by the making of needed repairs, and by the installation of toilet facilities, and by making connections with city water mains and sewers.

Very truly yours,

FLOYD R. TOWN, M.D., Director, Lansing Department of Health.

S. C. FISHER.

Fire Marshal.

By Ald. Stoppel-

That the report be referred to City Attorney with instructions to serve eviction papers on the tenants of the house.

Adopted by the following vote:

Yeas—Ald. Coller, Cranmer, Crego, Dell, Eddy, Graham, Hungerford, Letherman, Niles, Russell, C. A. Smith, W. R. C. Smith, Snyder, Stoppel, Wiegandt.—15. Nays—None.

Resolved by the City Council of the City of Lansing:

That, effective July 1, 1948, all hourly wages be increased five cents per hour and if the five cent increase brings the rate to an odd cent or fractional cent figure, then said rate to be increased further to the next eveen cent rate so as to eliminate fractional cents in hourly rates.

The five cent per hour increase shall also apply to all full time regular weekly employees with the exception of Garbage Service employees whose rate has already been increased since May 1, 1948.

Also effective July 1, 1943, time and onehalf shall be paid for all time over forty hours worked during the regular work week for all regular full time hourly and weekly employees but shall not include seasonal or part time employees either on an hourly or weekly basis.

The hourly base rate for figuring overtime for all regular weekly employees excepting Garbage Service employees, shall be computed by dividing their present weekly rate by the number of hours in their present work week, then adding the five cents per hour plus an additional amount if necessary to bring said rate to the nearest even cent figure,

For Garbage Service employees the base rate for figuring overtime shall be \$1.00 per hour.

And be it further resolved that beginning July 1, 1943, the regular work week for all hourly and weekly employees shall start on Thursday and and the following Wednesday instead of starting on Friday and ending on Thursday. Payday shall remain the following Tuesday. This change is necessary on account of the additional

Salaries for any positions not mentioned above to remain the same as set in the 1943-44 budget.

In setting the above salary rates the following percentage rates of increase were applied to January 1, 1941, rates of pay:

25% on first \$1,000.00 of pay 20% on next \$1,000.00 15% on next \$1,000.00 and

5% on all over \$3,000.00

less any increase in pay granted since January 1, 1941.

In cases where persons were not employed at that time or new positions created since that date, a base pay was established by the two committees and in some cases to eliminate inequalities it was necessary in some cases to raise or lower the base pay.

No change was made in the salaries of elected officials as their salaries cannot be changed during their present terms of office.

In some few cases where after applying the percentage increases the salary amounted to less than the person was now receiving, no change was made in their present rate.

And be it further resolved that no overtime pay shall be paid to yearly salaried employees.

These increases are made to meet the present emergency in the increased cost of living and are of a temporary nature.

REPORTS OF CITY OFFICERS TRAFFIC COMMISSION REPORTS

July 6, 1948.

At the regular meeting of the Lansing Traffic Commission held on July 2 the request of the Crescent Coal Company for permission to park their customers' cars in front of their office on the Shiawasse Street bridge was taken under consideration. Since Section 39 of the Traffic Ordinance prohibits the parking of any cars on this bridge, it was the recommendation of the Traffic Commission that the request be denied.

Respectfully submitted, SIDNEY ANGER, Director-Secretary.

By Ald. Russell-

That the report be adopted.

Carried.

July 6, 1948.

At the regular meeting of the Traffic Commission held on July 2, the recommendation of the Traffic STOP signs be removed from Turner

Street at the intersection of North Street was approved.

The Traffic Director submitted a report showing that the total traffic on Turner Street for a 24 hour period was 4065 vehicles while the number of vehicles on North Street for the same period was 2678. Since this intersection at the present time has STOP signs at all four approaches, it means that during the course of a day it is necessary for 6743 vehicles to come to a stop before crossing the intersection.

Therefore in line with instructions received from the Office of Defense Transportation it is recommended that the STOP signs be removed from Turner Street and left in place on North Street, which would necessitate the stopping of only approximately 2678 vehicles during the 24 hour period.

Respectfully submitted, SIDNEY ANGER, Director-Secretary.

By Ald. Niles-

That the recommendation be adopted.

Carried.

July 6, 1943.

At the regular meeting of the Traffic Commission held on July 2, the Traffic Commission took under consideration the resolution of Alderman Hungerford to restrict parking on Teel Avenue and Violet Court. The Traffic Commission recommends that the following changes be made in the Traffic Ordinance:

Prohibit all parking on both sides of Violet Court.

Prohibit all parking on the east side of Teel Avenue from Norman Street to Rockford Road.

Prohibit all parking on the west side of Teel Avenue from Mount Hope Avenue to Violet Court.

Restrict parking to ONE HOUR on the west side of Teel Avenue from Norman Street to Mount Hope Avenue and from Violet Court to Rockford Road.

Prohibit all parking on the west side of Washington Avenue from Bank Street to Mount Hope Avenue.

Restrict parking to ONE HOUR on the east side of Washington Avenue from Bank Street to Mount Hope Avenue.

Respectfully submitted, SIDNEY ANGER, Director-Secretary.

By Ald. Russell-

That the report be adopted and referred to Committee on Ordinances.

Dear Mr. Mayor: With reference to the action of the City

~7

Council directing that a survey be made to see if it is practical to have the bus company run a bus line North and South on Pennsylvania Avenue, it is my understanding that to obtain efficient bus service it is necessary that the busses operate under a system, and that if any material changes in the routing of the busses is made that a complete study of the effect of these changes upon the system is essential.

The busses in Lansing are operating under a system whereby all routes center at Michigan and Washington Avenues where transfers are made for the convenience of the bus patrons. The operation of a bus line North and South on Pennsylvania Avenue, would no doubt be a convenience to some people but would not increase the efficiency of the bus operation, unless changes were made in the present system.

Yours very truly,

CHARLES E. ECKER, Administrator, War Transportation Conservation Work in Lansing.

The Honorable City Council, City of Lansing,

Lansing, Michigan.

Gentlemen:

Since April 10, 1941, I have served the City of Lansing as its Mayor. For nine

years and three months prior to that time I was Municipal Judge of this city. On August 10, 1943, I will have completed eleven years and seven months of continuous service for this municipal government and its people.

These years have been both profitable and interesting to me. I have steadfastly labored to demonstrate that municipal government can be just, humanitarian and efficient. I express my appreciation to the department heads and employees of this city and its citizens for the interest and cooperation they have given me. I recognize the great debt of gratitude I owe to this community and will continue my active interest in its governmental and civic affairs.

I express my thanks to this council for granting me a 90 day leave of absence on May 10, 1943, upon my receiving orders to report for duty as Liutenant in the U. S. Navy. I regret having to sever my official connections with the government of Lansing, but I am convinced that my greater duty is to our country in its fight against its ruthless enemies.

My sincere interest in and love for my home city dictate that I place it in a position to choose a Chief Executive who can devote his entire time to the city is required by the City Charter. No matter how great the sacrifice may be on my part the welfare of this city must and shall come first.

Therefore, I hereby tender to you my

resignation as Mayor of Lansing, effective August 10, 1943.

Respectfully submitted,

SAM STREET HUGHES, Mayor, Lieut. D-V(S) USNR

By Ald. Coller-

It has been my privilege to serve as City Attorney since April 10, 1941. The work has been interesting and I have enjoyed working with you gentlemen.

An opportunity to re-enter private law practice has recently been presented to me and it is for this reason that I tender to you my resignation as City Attorney to become effective September 1, 1943.

Yours very truly,

CLAY CAMPBELL, City Attorney.

Traffic Commission Report

The Traffic Commission to whom were referred the resolutions asking that parking be restricted to ONE HOUR on Edward Street from Logan Street to Park Avenue and also on the south side of Barnes Avenue from Washington Avenue to Coleman Avenue recommend that these restrictions be denied. An investigation indicates no continued need for such a restriction at the present time.

Respectfully submitted,

LANSING TRAFFIC COM.
By Sidney Anger, Secretary.

Referred to Traffic Commission and 6th Ward Aldermen.

September 7, 1943.

Honorable Mayor and City Council, Lansing, Michigan. Gentlemen:

The Traffic Commission has received numerous complaints concerning the use of Capitol Avenue between Main and Saginaw Streets by heavily loaded trucks. The city ordinance permits the use of Capitol Avenue as a truck route since it is a Federal highway, however, it must also be remembered that there is a special truck route designated for US-27 and M-78 which is very clearly marked for that purpose. Since a separate truck route has been set up which obviates the necessity of using Capitol Avenue, it is the recommendation of the Traffic Commission that the ordinance be amended prohibiting the operation of heavy trucks over that portion of Capitol Avenue, between Main and Saginaw Streets, which is a portion of the State and Federal highway system in the City.

Respectfully submitted,

LANSING TRAFFIC COM. By Sidney Anger, Secretary.

Referred to Committee on Ordinances.

September 7, 1943.

Honorable Mayor and City Council,

Lansing, Michigan.

Gentlemen:

At a meeting of the Traffic Commission held on Friday, September 3, a report was submitted by the Traffic Director concerning the intersection of Washtenaw and Townsend Streets. This report showed the number of accidents occurring at this intersection and clearly indicated the possibility of a fatal accident occurring at this location. In an effort to reduce the hazard at this intersection, it was the Traffic Director's recommendation that S T O P signs be erected on Townsend Street, both sides of Washtenaw Street. The Traffic Commission therefore recommends that these signs be erected and ask that the council take favorable action on the request.

Respectfully submitted,

LANSING TRAFFIC COM.
By Sidney Anger, Secretary.

By Ald. Niles-

That the Council approve the recommendations of the Traffic Commission.

Carried.

October 4, 1943.

To the Honorable Mayor and Members of the Council,

Gentlemen:

As Chairman of the Board of Assessors I respectfully request that your Body give consideration to the matter of more adequate compensation for City Assessors.

The present salary of \$3,200 per annum is now lower than that of any other full time elective official except Constable, is far below that of most appointive heads of departments, and is even below that of some assistant department heads. For your convenience I am attaching herewith a schedule of municipal salaries showing the exact relation.

It is now about six years since an adjustment in compensation was authorized for this office and, as you are well aware, there has been a very substantial increase in living and operating costs, and general salaries and wage levels in that time. An increase in salary comparable to that given other city employes this last summer would appear to be more than justified.

Since changes in salaries of elective officials must be authorized previous to their election I would appreciate it very much if some action could be taken on this matter in the near future. No transfer of funds would be necessary in this fiscal year as our Department has been operating with less than our normal staff since last April at considerable saving in salaries.

Respectfully yours, LESTER N. PRESSLEY, Chairman Board of Assessors.

Referred to Committee on Salaries.

Honorable Mayor,
Members of the City Council,
City of Lansing,
Lansing, Michigan.

Gentlemen:

A very bad traffic condition exists on South Washington Avenue in the neighborhood of Mt. Hope Avenue. This is mostly due to the large number of employees working at the Nash-Kelvinator Plant on South Washington Avenue.

After a very careful study of this condition, a plan has been evolved to take a portion of these employees who live South, West, and Northwest out the back end of the eleven and one-haf acre parking lot which Nash-Kelvinator has just completed, crossing over the New York Central Railroad tracks and Right of Way to Beal Avenue which is a dead end street at this point, diverting this traffic north on Beal to Mt. Hope Avenue.

This matter of crossing the N.Y.C. Right of Way was taken up with the New York Central Railroad by your Director of Public Service, City Engineer, by letter on September 16th, and a reply was received by him on October 19th, agreeing to this arrangement. The cost as per their estimate is \$1,190.00, which work is to be done by the City of Lansing exclusive of grading of the Roadway to be done under the Railroads Supervision.

The Nash-Kelvinator Company is very anxious that this arrangement be made as they believe that this will relieve a situation which is quite critical to them. I am

sure that it will not only take care of their traffic jam but will do much to relieve all of South Washington Avenue as a recent count showed that on a 3:00 o'clock P.M. shift from Nash-Kelvinator that 40% of the cars came up to Mt. Hope and turned West on Mt. Hope.

Trusting that your Honorable Body will arrange to do this work at the earliest possible time, I am,

Yours very truly, ALTON J. HAGER, Administrator, Ingham County War Transportation.

By Ald. Graham-

Resolved by the City Council of the City of Lansing:

That the City Engineer be and is hereby instructed to construct a crossing over the N.Y.C. tracks and Right of Way to Beal Avenue.

Adopted by the following vote:

October 25, 1943.

Mayor and Members of the City Council, City Hall, Lansing, Michigan.

Gentlemen:

Due to an emergency at the Lansing Forging Co. caused by the burning of one of their auxiliary buildings, the Zoning Committee of the Plan Commission has considered a petition for the rezoning of Lots 1, 2, 3, 4, 5, 6 and 7 of Holmes and Son Subdivision (South side of 1300 block of Albert Street) and wishes to inform the City Council that it recommends the rezoning of this property to "H" Light Industrial District. This committee report will undoubtedly be approved by the Commission at its November meeting.

The committee recommends that the entire area indicated above be rezoned "H" Light Industrial District. By this procedure the area from Birch Street to Max Avenue (extended) and from Albert Street south to the R.R. will be in the same zoning classification.

Yours respectfully, EVANS E. BOUCHER, Secretary.

REPORT OF CITY OFFICERS

Honorable Mayor and City Council, Lansing, Michigan.

Gentlemen:

On October 18th a communication was referred to the Traffic Commission from the City Council regarding the request of the Sheriff's Department for two reserved parking spaces on West Ottawa Street.

I have discussed this matter with the Sheriff's Office and I find that it is very often necessary for the two deputies located in the Lansing Office to respond to emergency calls at diffeent points located in the county.

At the present time there are two spaces reserved for the Sheriff's Department cars on the east side of the City Hall Building but it appears that in most instances when they desire to use their cars someone else is parked immediately in back of them, making it impossible for them to get out and thus losing a lot of valuable time.

Since their cars should be treated as the same as our Police cars, it would appear to me that some action should be taken by some one to see that the Sheriff's Department cars can be gotten into or out of the parking spaces reserved for them.

If this cannot be done, then it appears to me that some street parking space will have to be designated for them.

Repectfully submitted,
LANSING TRAFFIC COMMISSION.
By SIDNEY ANGER,
Director-Secretary.
Referred to Chief of Police.

October 25, 1943.

Honorable Mayor and City Council, Lansing, Michigan.

Gentlemen:

On October 4th a resolution introduced by Alderman Hungerford requesting that Stop Signs be erected on Isbell Street at both approaches to Linval Street was referred to the Traffic Commission.

I find upon checking with the Accident Prevention Bureau of the Police Department, that they show two accidents as having been reported at this intersection since the first of January of this year.

Linval Street, together with Bailey Street and Lyons Avenue, are used to a considerable extent by employees of the Nash-Kelvinator Plant on Cedar Street and during those periods when the shifts are changing there is considerable traffic on all three of these streets.

It is my recommendation that we do not erect Stop Signs at this intersection at the present time. We have had several other intersections throughout the city

which showed a higher accident frequency than this particular intersection shows. At those other intersections to which I refer, we placed special marking on the pave-ments, together with reflectorized warning signs on all four approaches to the intersection and in each case not a single accident has been reported since this work has been completed. I would recommend that this same treatment be applied to the in-tersection of Linval and Isbell Streets and should the number of accidents still con-tinue, we could resort to other means of controlling the traffic movement.

> Respectfully submitted, TRAFFIC COMMISSION. By SIDNEY ANGER, Traffic Director.

By Ald. Hungerford-

That the report be adopted and crossing protected as recommended.

Carried.

To City Council:

I, herein, tender my Alderman of the Second as of Noevmber 5, 1948.

It has been a pleasure and also a privilege to counsel with you and others in your capacity during these past several years. I shall always cherish this past association which together we have labored in the interest of our City.

RALPH W. CREGO,

Mayor.

By Ald. Graham -

That the resignation be accepted.

November 8, 1943.

To the Honorable Lansing City Council:

For the past several years I have counseled with you as an Alderman and for the past five months you have given me the honor of serving as your Acting Mayor.

Tonight I appear before you, the 42nd Mayor of a good City that has gone far in many fields of civic endeavor since its incorporation 84 years ago.

I accept this responsibility humbly, yet confident that with the continued cooperation of this Honorable Body, the many well established boards, a good working per-

7

sonnel and a most helpful public, progress will continue.

As we approach the end of another year I believe our work of first importance has been the task at hand. We should continue to lend all possible aid to the winning of the war. There are many contributing factors to this and I am sure we shall do our part.

We now have a nominal Post-War program reserve. I believe this can be healthfully augmented over a longer range period. I believe you are desirous that we continue as a progressive city, yet a stable one.

None of us here can foresee the demands that may be made upon our community at the end of this war period. I do believe that with your help we will have our program in order, be in position to receive our men from the front, increase our public payroll and yet maintain a reasonable tax-rate.

I trust you will continue to render during my regime the same loyal service that I have known to exist and Lansing will go forward.

> RALPH W. CREGO, Mayor.

To Mayor and City Council:

Shortly before the last election Mr. Sanderson advised that he understood it was necessary for the City to deduct the 20 per cent withholding tax from the pay of election inspectors. In order to secure an official ruling I wrote the National Institute of Municipal Law Officers at Washington, D. C., on October 28, 1943, and received a reply on November 1, 1943, from its executive director, stating that he had taken the matter up with the Deputy Commissioner of Internal Revenue by Shortly before the last election Mr. Sanuty Commissioner of Internal Revenue by telephone and received an opinion that the City must make such deduction.

I am this morning in receipt of another letter from the executive director of the Municipal Law Institute as follows:

"Mr. H. A. McGuinnis of the Review of Ruling Section of the Bureau of Internal Revenue has just informed us that the information we were recently given by the Bureau that sums paid to election inspectors were subject to the withholding tax was incorrect. Mr. McGuinnis stated the sums paid to election inspectors are now classified as "fees" and therefore are not subject to the withholding tax."

"We are sorry for any inconvenience the incorrect treasury ruling may have caused. The question was a close one but they rarely change their minds in this way."

Therefore, under this last ruling it will not be necessary for the City to make such deduction from the pay check of election inspectors.

PAUL G. EGER, City Attorney.

Received and placed on file.

REPORT OF CITY OFFICERS

November 15, 1943.

To the Honorable Mayor and Members of the Council,

Gentlemen:

Due to the expressed desire of my present secretary to terminate her employment with the City, it has become necessary for me to secure new help. Approximately two months ago I had the same problem and when my secretary left to take employment at a salary nearly \$400 per year higher than she was receiving here.

As it is necessary for employes to work in our office for at least a year before they are familiar with the full cycle of operations, and able to go ahead more or less on their own, a frequent turnover in help is a serious matter. I have hoped to secure someone who is not only acquainted with the office routine and able to type and keep books, but who also might be expected to remain with us for some time. I have contacted a person who, I believe, has these qualifications and is very highly recommended by all references, and she has expressed a willingness to take on the job at a salary of \$1,400 per year.

As this is somewhat above the accepted starting salary for clerical help with the City, I would like the approval of the Council on that basis. No transfer of funds

will be necessary as our salary account is ample to cover this rate.

Respectfully yours,

LESTER N. PRESSLEY, City Assessor.

By Ald. Hungerford-

That the request be granted.

in the interest of Miss Druer, a graduate nurse, who is at present employed at the City Clinic at a salary of \$1,500.00 per year.

I have been advised that she has been offered \$1,800.00 per year by the Sparrow Hospital and St. Lawrence Hospital.

I think she can be kept for \$1,650.00, and as she is very efficient and help of any kind is difficult to get at this time, I suggest that you take this matter up with your committee, also the Budget Committee and see what can be worked out.

Yours very truly,

Lansing, Michigan.

Gentlemen:

I, herein, appoint the following personnel to compose the Board of Control for the Lansing Children's Home, until May 1, 1944:

Alderman Arthur Cranmer

Alderman Lyle Padgett

Alderman Hubert Eddy

Mr. Clarence Watt

Miss Dorothy Monfort

Mr. Charles Brink

Very truly yours,

RALPH W. CREGO, Mayor.

By Ald. Hungerford-

That the appointments be confirmed.

Adopted by the following vote:

Yeas—Ald. Coller, Cranmer, Dell, Eddy, Graham, Hungerford, Letherman, Niles, Padgett, Russell, C. A. Smith, W. R. C. Smith, Snyder, Stoppel, Wiegandt.—15. Nays—None.

November 29, 1943.

To the Honorable Mayor and Members of the City Council:

It is with a great deal of pride and satisfaction that I am able to report to your Honorable Body that the 1943 City Personal Taxes with an assessed valuation of \$19,734,875, representing 2,114 accounts, amounting to \$266,026.21, are collected in full.

This means that as the December taxes, which become due Wednesday, December 1, 1943, not one-cent of Personal Taxes remain unpaid. This is the first time in the history of Lansing that this record has been attained and from information I have received no other city of comparable size in the state has ever collected 100% of its Personal Tax levy. This surely shows a

very healthy financial condition of the business of our fine city.

The employees of the Treasurer's office feel justly proud of this record and while it is one never to be beaten we will endeavor to equal it again in 1944.

Yours truly,

JOHN F. WEBB, City Treasurer.

Received and placed on file.
